SKILLS

PHP	Python	MySQL	SQL Server	HTML	CSS	JavaScript	WordPress	React.Js

PROJECTS

HireHub Job Plugin

🔗 https://hirehive.ct.ws/

Developed a WordPress plugin to streamline the hiring process. It include,
Custom Post Type for Job Listings,Job Application from Job Posts, User Profile Management and Integrated admin dashboard for submission management.

- Technologies Used: PHP . WordPress . MySQL . HTML . CSS . SMTP

WeatherIt

Developed a custom WordPress plugin that fetches and displays real-time weather data using the OpenWeatherMap API. Implemented a shortcode system to allow dynamic city-based weather display inside posts and pages. Features include responsive table layout, live weather icons, caching for performance using transients API, and an admin settings panel for API configuration and default location.

- Technologies Used: WordPress · Plugins · PHP · Simple Mail Transfer Protocol (SMTP) . MySQL

LANGUAGES

Malayalam   English   Hindi
